## Eliminations:

IPC reserve the right to eliminate any contestant or contestants after completion of the Interview and Image & Speech segments of the contest, depending on the total number of contestants. The minimum number of contestants required for the elimination option is eight (8), with only the top five scoring contestants continuing on to the Play Scene category. IPC also reserves the right to eliminate contestants for violations of contest rules.

## Contest Categories:

**Interview:** Interview is 300 of 700 points and the biggest portion of your final score. Your interview will last only 10 minutes. Judges are not to touch or fondle any contestant during the interview and if a question is asked that is inappropriate the Executive Producers or Head Judge can and will stop the question.

1. Be in pup gear that best fits your personality, if you wear a hood remember to remove it after you meet the judges.
2. Shake hands or paws with the judges when you enter and before you leave, otherwise you could loss points.
3. International Puppy does not prepare questions for the judges nor do we approve their questions. Over the years we have seen judges ask about the puppy history, leather history, ask you to chase your tail, what Puppy means to you, what the Puppy Pride Flag means to you and even have you howl a song. If you do not know the answer let the judge know you will get back to them on that question and ensure that you do in writing to all judges (contestants have lost points for not getting back to that judge with an answer).
4. Remember our history. You can brush up on the puppy history by going to [www.humanpups.com](http://www.humanpups.com) or [INTL-pup.com](http://INTL-pup.com) under the History tab

**Image & Speech:** Image is 100 of 700 points and Speech is 150 of 700 points of your score.

**Image:** You should wear your best pup gear as if you were representing IPC at an event.

**Speech:** You will be given 2 minutes for your speech. The Time Keeper will not stop you after the 2 minute limit so if you go over there is a 10% deduction from your total Speech Score. Keep your speech short and to the point speak about what you are passionate about, but you want to ensure that the judges and audience knows what you are talking about. should wear your best pup gear as if you were representing IPC at an event.

**Pop Question:** The Judges will compose Pop Questions, and after your Speech you will be asked to choose 1 question from the bowl, please read it to yourself and then hand the question to the Emcee to read to the audience. There are no points for this, but it is a show for the audience and there is no wrong or right answers, it is something that you can have fun with and give the audience a good laugh.

**Pup Play:** Pup Play is 150 of 700 points. Each Puppy contestant will appear onstage while performing a puppy play scene that they have written. The scene can be read by the emcee if requested by the contestant or they can use a sound track (must be on either a CD or USB Drive for the DJ). Judging in this category is based on the contestant's creativity and ability to convey their most playful puppy play scene. Contestants may involve additional pups, or they can request a volunteer staff member to help. Props may be used, but must be approved by the contest producers for safety and compliance with the law. The Pup Scene cannot exceed five (5) minutes in length. (NOTE: The fantasy is to be typed, try to keep it under 150 words and turned in to the Contestant Handler at the Contestant Registration on Friday evening.)

### **Fraternization with the Judges:**

International Puppy Contestants are encouraged to get to know the judges and interact with them. However, contestants shall be prohibited from having private meetings or engaging in any Sexual Activity or Play Scene with the judges prior to the announcement of the contest results.

To avoid accidental violation of this policy, and being disqualified from competing, all contestants and judges must display their ID Badges at all times.

### **Contestant Suggestions:**

The International Puppy Contest is all about having a good time, socializing with fellow fetish community members and promoting the puppy lifestyle.

Contestants are required to participate in the weekend activities to be seen as an active member of the pup & Fetish community. We try our best to allow contestants enough free time to participate and be seen during the weekend while fulfilling the requirements to compete in the contest.

The International Puppy was created to have a great time. We encourage the contestants to have fun and entertain the audience to set this contest apart from many others. We also encourage you to work the Audience and Judges so that you will stand out on stage while competing.

During the contest, contestants are encouraged to demonstrate different pup looks representing the different judged categories. Time is scheduled during the contest, allowing contestants time for gear and look changes. Assistance is available from our Den Staff or your personal assistant that each contestant is allowed. Remember only one person is allowed on stage during your Pup Play scene.

Make sure you come prepared with a back up outfits and gear incase of accidents and blowouts (don't sneeze).

If you have any questions, please feel free to contact our Contestant Producers, Tripp Hutchings and Pup Figaro.

### **Contest Judging Method:**

A panel of seven (7) Judges representing leaders in the community scores International Puppy Contestants. Judging is made up of four (4) categories and using the Olympic Scoring System where the High and Low score is dropped from each category. Bonus points are added to the Judges scores prior to being entered by the Tally Master. Categories and points are outlined below.

In Olympic Scoring System, the high and low score for each contestant in each category is dropped. The remaining scores are totaled for each contestant. The contestant whose overall score is the highest will be declared the winner, then 1st runner up. Total Scores must be above 70% in order for a winner to be announced even if you are the only contestant.

In the event of a tie under the Total Scoring System, the dropped high and low scores will be added back into the contestant scores in each category. In the event of any dispute regarding the tallying of the contest, International Puppy LLC shall make the final determination of the winner and 1st runner up.

**Interview - Maximum of 300 points, up to 60 points per judge, Olympic Scoring:**

Each contestant will meet with the judging panel offstage and in a closed to the public setting, prior to the second (2nd) portion of the contest to answer questions about the contestant's interests in human puppies, fetishes, knowledge, willingness and ability to represent the title. Interviews will last no longer than 10 minutes each contestant, so it is important to listen to the question being asked by the judges and respond in a concise and complete manner so that all judges have a chance to ask questions of the contestant. If the judges would like to know more, they will ask for additional information. Contestants should shake the judges hands upon entering and leaving the Interview.

**Image - Maximum of 100 points, up to 20 points per judge, Olympic Scoring:**

Each contestant will appear onstage and be introduced to the audience by the emcee using information provided on the contestant's completed application. Judging in this category is based on how you present yourself as a "Human Puppy".

**Speech - Maximum of 150 points, up to 30 points per judge, Olympic Scoring:**

You will be given 2 minutes for your speech. The Time Keeper will not stop you after the 2 minute limit so if you go over there is a 10% deduction from your total speech category. Keep your speech short and to the point, speak about what you are passionate about, but you want to ensure the Judges and Audience knows what you are talking about.

**Pup Play - Maximum of 150 points, up to 30 points per judge, Olympic Scoring:**

Each Puppy contestant will appear onstage while performing a puppy play scene that they have written. The scene can be read by the emcee if requested by the contestant or they can use a sound track (must be on either a CD or USB Drive for the DJ). Judging in this category is based on the contestant's creativity and ability to convey their most playful puppy play scene. Contestants may involve additional pups, or they can request a volunteer staff member to help. Props may be used, but must be approved by the contest producers for safety and compliance with the law.
